

Bio Data

I, Rajendra Babu, a 76 years old graduate of Mechanical Engineer, have the great pleasure to introduce myself as an Artist engaged in Fine Arts, residing at Aluva, Ernakulam with family.

Even though I am an Engineer, the drawings and paintings are the main and important part of my life. The taste and talent of the fine arts is ancestral from my respected mother. I won the second prize in the competition conducted by the Lalithakala Academy in painting competition at Trichur in the year 1969, at the age of 21.

I had my own Engineering Unit at kollam district and it has been handed over to my brothers with the interest of the art of drawings and paintings.

At present, I have an Art Studio at Aluva and drawing and painting classes are conducting for the students. Also mainly doing the live paintings and various types of art works.
