PROFILE

I am a newly graduated sculptor from Government college of fine arts. I have experience working with different materials and techniques and I am constantly looking for new creative challenges. My recent projects are more focused on stoneware clay. My other area of interests include painting, sketching and singing.

SKILLS

As a sculptor, I have developed skills in drawing, clay modelling and ceramics. I am always looking to expand my knowledge and experience. I am proficient in different materials and techniques, such as molding and casting, clay modelling, wood craft, paper pulp and ceramics.
